

Q3

Product and Price Guide

Model Year 2019 - Released February 2019

Four rings. A clear line.

Distinctive, unmistakable, the new Audi Q3. From its sharp lights, with distinctive light signature and its coupé-like silhouette, the new Audi Q3 is an ambassador of a revolutionary language of design, carrying classic quattro genes at the same time. Proof that one can remain true to oneself through reinvention.

The new freedom.

Experience a sense of space with new quality: the optional panoramic glass roof allows the horizon to accompany you and provides for a bright interior bathed in light. The Audi Q3 holds a strong road presence via its upstanding front end with a single wide frame grille and its sculptured rear end.

Power that impresses.

Passion at the very first glance. The new Audi Q3. Specially designed headlights beam out from underneath the impressive bonnet, flanked at the sides by powerful sills. The result is a look that promises pure dynamics. Rounded off with breathtaking performance. Enjoy uncompromising sportiness, without sacrificing comfort or efficiency.

The advantage of quattro®

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 30 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the A6 so thrilling to drive.

It's called quattro® permanent all-wheel drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe. In the A6, asymmetric dynamic torque distribution continuously distributes drive power between the front and rear axles, depending on weather conditions, road surface and gradient. This leads to greater flexibility and an enhanced, sportier drive.

quattro® with Sports differential

The optional electronically regulated Sports differential distributes variable amounts of drive force to each rear wheel, ensuring outstanding acceleration performance in corners and stabilising the vehicle's response to load change. It also brings better direct steering characteristics and, as it requires less steering effort, more agile handling.

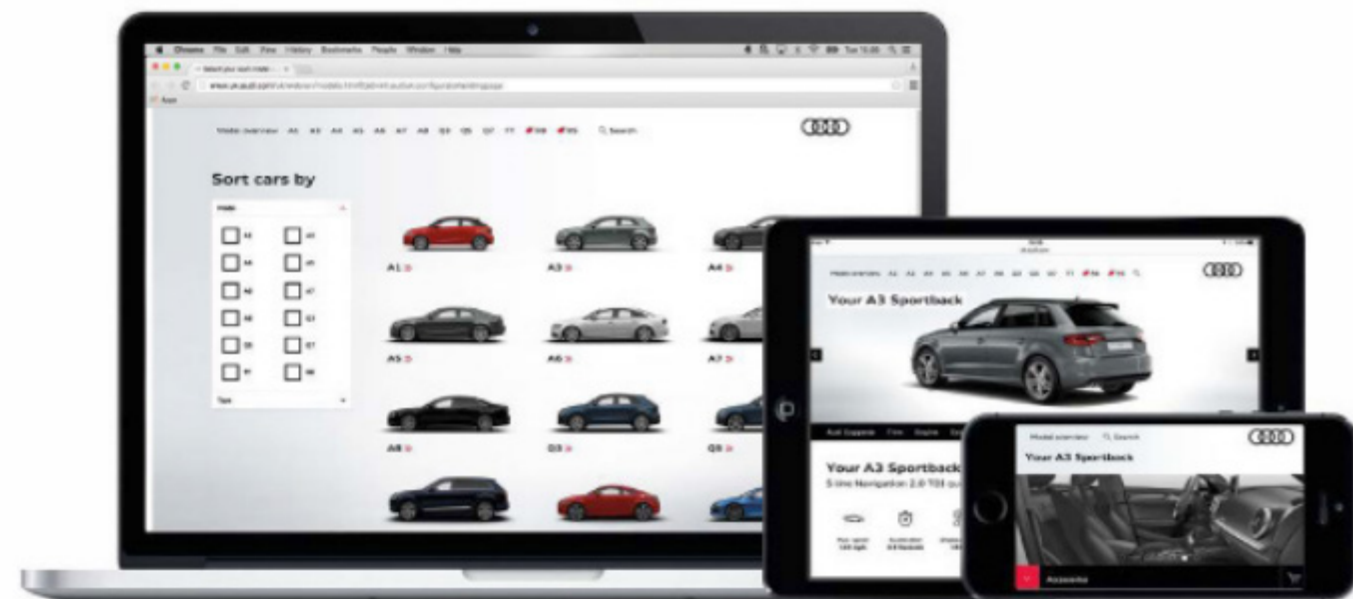

Getting Feedback can be a step forward.

A revolutionary operating concept awaits you in the new Audi Q3: MMI touch response. Fewer buttons, more convenience. An easy and intuitive way to control infotainment and convenience functions. The optional MMI navigation plus shows a wealth of key vehicle information and functions displayed on a 10.1-inch touchscreen, coupled with the standard Audi virtual cockpit with high-resolution 3D map representation on a brilliant 10.25-inch display.

Audi Configurator

The easy way to build your Audi

Our online configurator makes it simple to create your ideal Audi, using all your favourite options from this pricelist.

Scan your mobile device to build your own personalised Audi

Q3 Standard Equipment (SE)

Safety and Security

- ▶ 16" disc brakes in rear
- ▶ Disc brakes in front
- ▶ Electronic stability control (ESC)
- ▶ Progressive Steering
- ▶ 3-point seat belts, outer rear with ECE label
- ▶ Driver and front passenger airbag with front passenger airbag detection
- ▶ First aid kit and warning triangle
- ▶ Side airbag in front, with curtain airbag
- ▶ Child proof lock, electrically operated
- ▶ Electric engine immobilizer
- ▶ Remote control key (without safelock)

Seats

- ▶ Standard seats in front
- ▶ 'Argument' cloth seat upholstery
- ▶ 4-way lumbar support
- ▶ Centre armrest in front
- ▶ Child seat anchor for child seat system ISOFIX
- ▶ Front head restraints
- ▶ Front seats, manually adjustable
- ▶ ISOFIX child seat mounting for the front passenger seat
- ▶ Three rear head restraints
- ▶ Rear seat bench/backrest, split folding
- ▶ Standard rear seat release

Interior

- ▶ 3-spoke multifunction leather steering wheel
- ▶ Interior lighting (Halogen)
- ▶ Dimming breakaway interior rearview mirror
- ▶ Manual air conditioning
- ▶ Non-smoker's package
- ▶ Detail in dashboard in black glass look
- ▶ Silver metallic inlays
- ▶ Aluminium inserts in door sill trims
- ▶ Floor mats in front and rear
- ▶ Aluminium finish on interior elements (switches & buttons)

Audio & Communication

- ▶ 10.1" MMI display
- ▶ Audi virtual cockpit
- ▶ Preparation for navigation plus
- ▶ 6 speaker sound system
- ▶ Audi smartphone interface
- ▶ Audi connect emergency call and service including security and convenience
- ▶ Audi connect navigation & infotainment
- ▶ Bluetooth interface
- ▶ Voice control

Technical, Wheels, Tyres and suspension

- ▶ 18" 5-arm alloy wheels
- ▶ Tyres 235/55 R18 100V
- ▶ Tyre pressure loss indicator

- ▶ Tyre repair kit
- ▶ Vehicle tool kit
- ▶ Wheel bolts with anti-theft protection (unlockable)
- ▶ Audi drive select with four pre-configured modes (Efficiency, Comfort, Auto & Dynamic)
- ▶ Start-stop with recuperation
- ▶ Speed limiter
- ▶ Standard suspension

Exterior Equipment

- ▶ Electrically opening and closing luggage compartment lid
- ▶ LED headlights (low)
- ▶ Advanced bumpers in contrasting paint finish
- ▶ Rear spoiler
- ▶ Anodized aluminium roof rails
- ▶ Rear spoiler
- ▶ Light/rain sensor

Assistance systems

- ▶ Audi pre sense basic and Audi pre sense front
- ▶ Cruise control
- ▶ Hill descent control
- ▶ Hold assist
- ▶ Lane departure warning and lane change assist

- ▶ Front and rear parking sensors

S Line

S Line models add the following equipment for a premium of €3,950 over entry-level models

- ▶ 19" 5-double spoke dynamic alloy wheels
- ▶ S Line exterior
- ▶ S Line interior
 - Sport seats in front
 - Stainless steel pedals
 - Matt brushed aluminium inlays
 - Black headlining
 - Sports suspension
- ▶ Full LED Headlamps with Dynamic rear indicators
- ▶ LED Interior Pack

*picture shows an optional 21" wheel

SE Comfort Pack

- ▶ Leather seats
- ▶ Reversing camera
- ▶ Heated front seats
- ▶ Comfort key with sensor controlled boot
- ▶ Rear seat bench plus with cup holders

Offer price starting from:
€1,600

49% customer saving

Order Code: WKY

Leatherseats & Rear seat bench plus

Reversing Camera

Tech Pack

- ▶ MMI Navigation Plus with 10.1" display
- ▶ Audi Connect, with embedded SIM, 3 years data
- ▶ Audi phonebox with wireless charging

Offer price starting from:
€1,600

44% customer saving

Order Code: WI6

Q3 Optional Equipment

Safety & Technology

		Pricing from
1JC	Sport suspension , sporty suspension with a stiffer spring/damper setting; at the front with a MacPherson strut axle with lower wishbones, subframe and tubular stabiliser; at the rear with a 4-link rear axle with separate spring/damper arrangement, subframe and tubular stabiliser	€319
PDE	Adaptive Suspension with damper control , suspension with controlled shock absorbers for electronically controlled adaption to different driving situations; at the front with a MacPherson strut axle with lower wishbones, subframe and tubular stabiliser; at the rear with a 4-link rear axle with separate spring/damper arrangement, subframe and tubular stabiliser; different modes (auto, comfort, dynamic), can be set via Audi drive select	€1,106
1G8	Tyre repair kit - with 12V compressor and tyre sealant, top speed 80 km/h	Standard
1S1	Vehicle tool kit and vehicle jack , in the luggage compartment	€37
7K1	Tyre pressure loss indicator , visual and acoustic warning in the event of pressure loss on one or more tyres; display in driver information system	Standard
1G9	Spare wheel, space saving , permissible top speed 80 km/h	€182
8G1	High-Beam Assist , Working within system limits, high-beam assist automatically detects the headlights of oncoming traffic, the rear lights of other road users and light sources in built-up areas. Depending on the traffic situation, the high beam is automatically switched on or off. The system improves the driver's visibility and enhances comfort and convenience.	€197
4E7	Luggage compartment lid, electrically opening and closing , By pressing the button on the vehicle key, the button in the driver's door or the soft-touch button on the luggage compartment lid handle, the luggage compartment lid can be electrically opened. Closing the luggage compartment lid is just as easy and convenient as opening it: simply press the button on the inside of the luggage compartment lid, the button in the driver's door or the button on the vehicle key. Closing assistance makes manual closing easier, if required.	Standard

Q3 Optional Equipment

Lighting

Presence & Practicality

		Pricing from
Q01	<p>Ambient Lighting Pack, in addition to standard interior lighting (white):</p> <ul style="list-style-type: none"> • vanity mirror, illuminated for driver and front passenger • entrance lighting on the underside of the doors, front/rear • inside door handles, front/rear • ambient upholstery lighting for the doors, front/rear • footwell lighting, front/rear • illuminated cup holder, front • ambient lighting at the side of the centre console, front • storage compartment underneath the instrument panel, illuminated 	<p>€365</p> <p>Standard for S Line</p>
Q02	<p>Ambient Lighting Multi-Colour (can be adjusted to produce various colours) content changes and colour adjustments in addition to the ambient lighting package:</p> <ul style="list-style-type: none"> • choice of 30 colours • contour lighting for the doors, front/rear (colour-coordinated) • ambient upholstery lighting for the doors, front/rear (colour-coordinated) • ambient lighting at the side of the centre console, front (colour-coordinated) • storage compartment underneath the instrument panel, illuminated (colour-coordinated) • illuminated quattro logo or Audi rings (with front-wheel drive) in the instrument panel on the front-passenger side (colour-coordinated) 	<p>€145</p>
PX2	<p>LED headlamps pack</p> <ul style="list-style-type: none"> • LED headlights allow for near-daylight illumination of the road. They provide for greater safety and convenience combined with low power consumption and a longer service life. • LED rear combination lamps and dynamic turn signal in rear 	<p>€1,294</p> <p>Standard on S Line</p>
PXC	<p>Matrix LED headlamps pack including:</p> <ul style="list-style-type: none"> • Matrix LED headlights with headlight range control and dynamic turn signals. If other vehicles are detected within system limits, the system selectively masks the area of the detected vehicle. All other segments of the high beam remain active. • LED rear lights with dynamic rear turn signals • Headlight cleaning system - Other functions include: daytime running lights, dipped beam, all-weather light, dynamic cornering and motorway light 	<p>€1,018</p>
8X1	<p>Headlight cleaning system, The headlight cleaning system provides for more light on the road, particularly in poor weather conditions. By cleaning with water at high pressure, the system helps to reduce scatter, thereby improving luminosity and ensuring good visibility.</p>	<p>€385</p>

Q3 Optional Equipment

Exterior Equipment

Pricing from

1M5	Provision for trailer towing hitch , includes fittings for the control units and more powerful engine cooling. The trailer towing hitch for retrofitting is available from Audi Genuine Accessories via www.AudiShop.ie .	€233
1M6	Trailer towing hitch , The mechanically swiveling trailer towing hitch can be conveniently locked/unlocked by means of a release mechanism. Further benefits: hitch ball, mechanically swiveling, with electric unlocking, sphere bar and ball head made from forged steel, operation via buttons in the luggage compartment, trailer stabilization via the Electronic Stability Control (ESC). Integrated, swiveling system socket allows continuous use of electrical equipment on the trailer or in a caravan while driving and can be swiveled out of sight behind the bumper skirt when not in use.	€1,294
2Z0	Omission of model name and output/technology logo	€0
2Z7	Omission of output/technology logo	€0
	Panoramic glass sunroof , including:	
3FU	<ul style="list-style-type: none"> • 2-section glass sunroof • electrical activation to raise and open the front glass section • tinted glass insert • including electrically operated sunblind • convenience opening/closing from the outside via the remote control key <p>The panoramic glass sunroof ensures a pleasant interior ambience that is flooded with light, and improves the interior climate by means of efficient ventilation. An integrated wind deflector reduces wind noise when the sunroof is open.</p>	€1,905
6XE	Exterior mirrors, electrically adjustable, heated and folding, including automatic kerb-side function for the exterior mirror on the passenger side with integrated LED indicator, convex, flat or aspherical mirror glass, including heated windscreen washer jets. The automatic kerb-side function tilts the exterior mirror on the passenger side downwards when reverse gear is selected, giving the driver a better view of the kerb.	€319
6XK	Exterior mirrors, electrically adjustable, heated and folding, automatically dimming on both sides, including automatic kerb-side function for the exterior mirror on the passenger side with integrated LED indicator, convex, flat or aspherical mirror glass, including heated windscreen washer jets. The automatic kerb-side function tilts the exterior mirror on the passenger side downwards when the reverse gear is selected, giving the driver a better view of the kerb.	€428

Q3 Optional Equipment

Audio & Communications options

MMI navigation plus with MMI touch response - PNQ

In addition to features of MMI Navigation with MMI touch response includes:

- navigation system shown on the high-resolution 10.1-inch colour display (1,540 × 720)
- 3D map representation with display of many points of interest and city models
- MMI search: free text search with intelligent designation suggestions during entry
- MMI touch for fast, intuitive operation - e.g. destination entry using handwriting recognition function as well as ability to move and zoom freely on the map
- Use of navigation data for anticipatory and efficient driving e.g. speed limits and gradients
- Input of up to 10 stops along the route
- Navigation system is also displayed behind the steering wheel, via the Q3's standard 10.25" virtual cockpit

Pricing from: €1,956

Audi Virtual Cockpit Plus - 9S9

Large-scale, fully digital 12.3-inch instrument cluster with additional graphic display options "dynamic", and "sport" in addition to the "classic" display. Furthermore, multiple additional functions and more content in comparison with the digital instrument cluster:

- large-scale display, flexible display of information tailored to the driver's needs such as: vehicle speed/ engine speed, map representation, Audi connect services, radio/media information, play time for media titles, and album cover display
- integration of MMI functions in the instrument cluster

Pricing from: €348

Digital Audio Broadcasting - QV3

In addition to the range of analogue stations, reception of digital radio stations according to DAB standard, including DAB+ and DMB audio. Display of information accompanying the programme (e.g. artist, track) as well as additional information in the form of a slide show (e.g. cover, weather). A second DAB tuner continuously searches for alternative reception frequencies for the selected station; simultaneous updating of station list.

Pricing from: €479

Audi phone box - 9ZE

features as for Bluetooth interface additional functions: optimised phone calls within the vehicle by placing the mobile phone in the universal mobile phone holder (170 × 87 mm) near the front centre armrest including coupling antenna for connecting the mobile phone to the exterior antenna, which reduces radiation inside the vehicle and improves signal quality; with LTE support charging option via USB-A connection or via wireless charging (Qi standard) where mobile phone is compatible, with charge reminder and charge status display in the MMI. For iPhone 5, 5s, SE, 6, 6s and 7, the inductive charging case from Audi Genuine Accessories is available through your Audi partner or www.AudiShop.ie.

Pricing from: €582

Bang & Olufsen Premium Sound System with 3D sound - 9VS

surround sound reproduction via 15 high-performance loudspeakers including subwoofer; 16-channel amplifier with a total output of 680 watts. The new virtual 3D sound effect creates an intensive sound experience. This is created by 4 loudspeakers in the instrument panel, 2 loudspeakers in the C-pillar and Fraunhofer's Symphoria technology.

The 3D sound can be created with many sources. Compared to conventional stereo reproduction, this concept uses reflections on the windscreen to provide an all-around sound and give the feeling of being in the thick of the action. Thanks to intelligent signal processing all occupants enjoy a sound that is tailored to their position in the vehicle. Symphoria adds to the dimensions that are indispensable for natural sound and balanced surround sound: breadth, depth and height. audio material. The exclusive loudspeaker covers with aluminium applications guarantee a perfect design experience. The sound is continuously adapted according to the driving and background noises picked up by the microphone.

Pricing from: €1,149

Q3 Optional Equipment

Assistance Systems

Pricing from

KA2	Reversing camera , Within system limits, the reversing camera monitors the area behind the vehicle and uses dynamic display elements as part of the representation shown on the display. Choice of bay parking mode and, in conjunction with factory-fitted trailer towing hitch, trailer mode. Depending on the mode selected, the driver sees either the calculated parking path or the guideline for attaching a trailer. The reversing camera is discreetly integrated in the handle strip of the luggage compartment lid and is activated when the reverse gear is selected or via a push-button on the centre console.	€596
QR9	Camera-based recognition of traffic signs , Within system limits, camera-based recognition of traffic signs monitors speed limits, no-passing zones and temporary speed limit displays in the view field of the front camera. Within system limits, the system detects the beginnings and ends of motorways, dual carriageways, built-up areas and traffic-calmed areas. In addition, the system carries out a situation-dependent evaluation in wet conditions and fog, speed limits dependent on the time of day, roadworks and when towing a trailer. Additionally, speed limits dependent on the time of day are evaluated by means of navigation data and made available. The currently relevant limit is shown on the display of the digital instrument cluster or Audi virtual cockpit. If required, a personalised speed warning can be activated that visually warns the driver when the currently permissible speed is exceeded.	€365
PCG	Adaptive Cruise Control , Within system limits, adaptive cruise control monitors vehicles driving ahead by using a radar sensor and keeps the speed and distance as constant as possible within the control range. The control range is 30 to approximately 200 km/h for manual transmission, and 0 to 200 km/h for S tronic. In stop-and-go traffic, vehicles with S tronic transmission can brake to standstill and start up again automatically under certain conditions. Operated via a separate steering column stalk. The distance is adjustable in 5 steps, the system's dynamics can be set using Audi drive select or the ACC menu. Including Audi pre sense front (see individual description)	€TBC
7W1	Audi Pre Sense Basic , By networking and comparing different vehicle systems, Audi pre sense basic initiates preventative occupant protection measures within system limits. In the event of an unstable driving situation, the front seat belts are tensioned electronically. Depending on the situation, the windows close and – if available – the sliding roof. The hazard warning system is activated to warn following traffic.	Standard
7Y5	Lane departure warning helps within system limits to prevent the driver from inadvertently drifting out of lane. If the system is activated and ready and the driver has not activated an indicator, the lane departure warning will prevent the vehicle from crossing recognised lane boundary lines by means of corrective steering intervention. Additional steering wheel vibration can be adjusted if the driver wishes. Operating range from approximately 60 to maximum 250 km/h	Standard
7X5	lane change assistant , uses 2 radar sensors to measure the distance and speed difference of vehicles approaching from behind. The system warns the driver of a potential hazard when changing lanes via a display in the corresponding exterior mirror. If the driver activates the indicator to change lanes, the display will flash to provide additional warning. The system operates in the range between approximately 15 to to 250 km/h and can be activated via the MMI car menu. In conjunction with parking system plus or park assist including cross traffic assist. This function helps the driver to reverse out of bay parking spaces. The system informs the driver of approaching vehicles by means of a notification in the MMI display and provides an acoustic warning and even a brake jolt if necessary.	Standard
7X5	Park Assist , Uses ultrasonic sensors to search for suitable bay and kerb-side parking spaces. Calculates the parking path (forwards and reverse) for bay parking spaces and the entry and exit paths for kerb-side parking spaces. The driver has to accelerate, change gear and brake as well as monitor the parking process. The steering action itself is performed by the system. Within system limits and depending on the driving path, the display of surroundings warns of obstacles around the vehicle. Parking in several moves is supported. Activated via the park assist button on the centre console.	€145

Q3 Wheel Options

18"

Pricing from		
C31	18" cast aluminium wheels in 5-arm design	SE: Standard S line: N/A

C2I	18" '5 Arm Dynamic design alloy wheels	SE: 291€ S line: N/A
-----	--	-------------------------

C3P	18" 5-Y-spoke cast aluminium wheels, partly polished	SE: 510€ S line: N/A
-----	--	-------------------------

19"

Pricing from		
43K	19" 5-arm cast aluminium wheels	SE: 1,309€ S line: 0€

U25	19" 5-twin-spoke dynamic cast aluminium wheels (S design)	SE: N/A S line: Standard
-----	---	-----------------------------

V72	19" 20-V-spoke cast aluminium wheels contrasting grey, partly polished	SE: 1,528€ S line: 219€
-----	--	----------------------------

44Q	19" Audi Sport 5-twin-arm cast aluminium wheels, matt titanium look, gloss turned finish	SE: 2,472€ S line: 1,163€
-----	--	------------------------------

Pricing from		
44S	19" Audi Sport 7-spoke rotor design cast aluminium wheels in gloss anthracite black, gloss turned finish	SE: 2,472€ S line: 1,163€

20"

Pricing from		
52Z	20" Audi Sport 5-V-spoke star design cast aluminium wheels in matt titanium look, gloss turned finish	SE: N/A S line: 1,890€

F73	20" Audi Sport 5-spoke module design cast aluminium wheels with inserts in structured grey, matt	SE: N/A S line: 1,890€
-----	--	---------------------------

Technical Data & Dimensions

Petrol

Model	35 TFSI	40 TFSI quattro	45 TFSI quattro
Engine type	1.5 l petrol engine	2.0 l petrol engine	2.0 petrol engine
Displacement in cc	1498	1984	1984
Max. output ¹ in BHP at rpm	150/5000-6000	190/4200-6700	230/5000-6700
Max. torque in Nm at rpm	250/1500-3500	320/1500-4200	350/1500-4400

Power transmission/wheels

Type of drive	6 Speed Manual [7 Speed S tronic]	7 Speed S tronic	7 Speed S tronic
Transmission	Front wheel drive	All wheel drive	All wheel drive
Wheels & Tyres	7 J x 18 & 235/55 R 18	7 J x 18 & 235/55 R 18	7 J x 18 & 235/55 R 18

Weights/capacities

Unladen weight ² in kg	1535	[1570]	1695	1695
Gross vehicle weight in kg	2045	[2070]	2200	2200
Roof load/trailer nose weight in kg	75/90	[75/90]	75/90	75/90
Towing capacity in kg (braked - 8% gradient)	2000	2000	2100	2100
Tank capacity, approx. (l)	60	[60]	60	60

Performance/consumption

Top speed in km/h	211	207	220	233
Acceleration 0-100 km/h in s	9.6	9.2	7.4	6.3
Fuel grade	Unleaded 95 ROZ	Unleaded 95 ROZ	Unleaded 95 ROZ	Unleaded 95 ROZ
Fuel consumption in l/100 km NEDC*				
urban	7.6-7.7	[6.8-6.9]	9.2-9.5	9.5-9.7
extra-urban	5.1-5.4	[5.1-5.3]	6.1-6.4	6.1-6.4
combined	6.1-6.3	[5.8-5.9]	7.3-7.5	7.4-7.6

CO ₂ emissions combined in g/km*	175-188	[153-167]	184-197
Emissions standard	EU6	EU6	EU6

* The stated fuel consumption and emission values were determined according to the legally prescribed measurement procedures. Since 1 September 2017, certain new cars have already been type-approved under the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption and CO₂ emissions. From 1 September 2018, the WLTP will progressively replace the new European Driving Cycle (NEDC). Because of the more realistic test conditions, fuel consumption and CO₂ measured according to the WLTP are Emission values are in many cases higher than those measured according to the NEDC. As a result, from 1 September 2018, changes in vehicle taxation may result. Values stated above are WLTP values. Irish taxation is based on NEDC2.0 values. Further information on the differences between WLTP and NEDC can be found at www.audi.com/wltp.
