HONDA
The Power of Dreams

These specification details do not apply to any particular product which is supplied or offered for sale. The manufacturers reserve the right to vary their specifications, including colours, with or without notice and at such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. This publication shall not constitute in any circumstances whatsoever an offer by the Company to any person. All sales are made by the Distributor or Dealer concerned subject to and with the benefit of the standard Conditions of Sale and Warranty given by the Distributor or Dealer, copies of which may be obtained from them on request. This publicity material applies to the UK only Trade Descriptions Act (1968). Whilst efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specification details with the supplying Dealer especially if your model selection is dependent upon one of the features advertised.

HONDA

FULL OF LIFE

The new Jazz is packed with possibilities, from its class leading space and versatility, to its compact and contemporary styling.

We are passionate about creating cars that make life easier, so we have refined and enhanced its design to ensure that however you fill your life, the Jazz is always ready to take it on.

SPECIFICATION **45-48**

Model shown is Jazz 1.5 i-VTEC Sport in White Orchid Pearl. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle.

DYNAMICALLY DIFFERENT

The new Jazz Sport is our most sporty Jazz yet, with unique design features including gloss black alloy wheels, black door mirrors and an aerodynamic rear spoiler.

Underneath its distinctive bonnet is a purposeful new 1.5 litre i-VTEC petrol engine, which provides the power to match its dramatic looks.

COMPACT AND CLEVER

The Jazz's fresh modern design contains a surprising amount of clever space - offering unmatched practicality and versatility, with unrivalled style and road presence.

DESIGNED TO MAKE YOU SMILE

Every aspect of the new Jazz has been created to make driving a joy. It combines light and agile handling, with a new sculptural body shape, that not only looks stunning, but complements its aerodynamic performance.

STYLE STARTS FROM WITHIN

Sit behind the wheel of the new Jazz and you will immediately feel at home: your hands will intuitively find the controls and you will see that the dials have been designed to be clear and easy to read.

We've not only spent time creating a cockpit that's big on style with premium materials and new fabrics, but we've still managed to deliver on practicality. With clever design and class-leading storage, there's a place for everything.

Model shown is Jazz 1.5 i-VTEC Sport. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle and will show its speed in miles per hour.

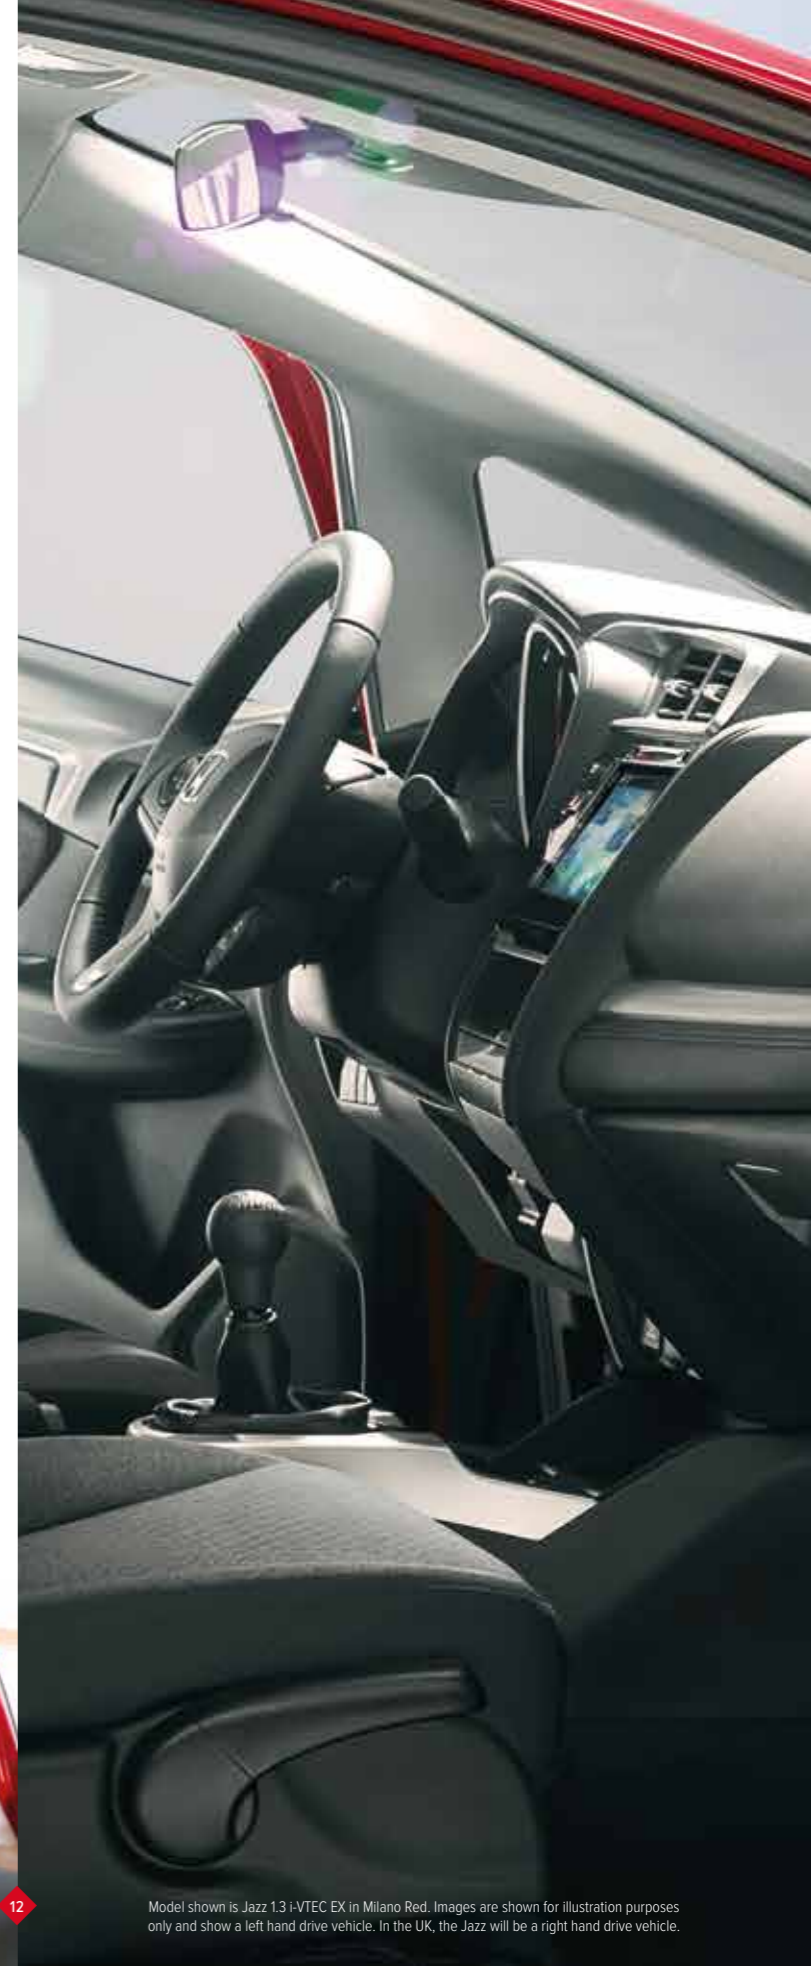

PRACTICAL MAGIC

As your life adapts, so does the new
Honda Jazz.

Our intuitive Magic Seats give you
versatility just when you need it. From
a trip to the DIY store, to a Saturday
afternoon mountain bike adventure,
the Jazz seamlessly transforms in a few
simple steps. The rear seats lift up, fold
over and dive down into the floor in one
easy motion, and the 60:40 split folding
design provides further configurations
for your ever-changing lifestyle.

PRACTICAL SPACE

Small cars are usually known for their deft handling and agility, but they rarely deliver on practicality.

With the new Honda Jazz, you get it all.

Along with the responsive driving experience, it delivers class-leading space with hidden compartments and smart storage solutions everywhere you look.

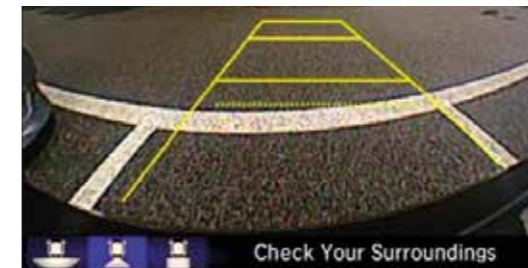

The Jazz also comes equipped with a deceptively large 1,314-litre boot* that's cleverly designed to adapt to your needs.

When the rear seats are folded down, it expands to accommodate anything from suitcases and surfboards to a new TV or coffee table.

IN TOUCH WITH YOUR LIFE

The Jazz incorporates the 7" Honda CONNECT in-car audio and information system* which keeps you in touch with all the things you love in life, like your music and your friends, all within one central touch-screen display.

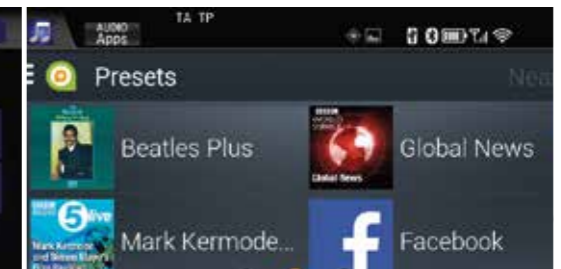

MULTI-ANGLE REAR VIEW CAMERA*
Engage reverse and the rear view camera automatically comes to life on the 7" display screen with a choice of wide angle views and a top down view.

SATELLITE NAVIGATION*
Integrated Garmin satellite navigation makes it easy to find your way and you'll always be on the best route with TMC (traffic message channel) updates.

DAB DIGITAL RADIO*
Enjoy digital quality sound and a broader range of stations displayed clearly.

PERSONALISED HOME SCREEN*
Personalise Honda CONNECT by uploading your favourite photo as wallpaper. The display can be customised to suit your style.

*Honda CONNECT available on EX, Sport and SE grades only. Connectivity for Aha™ app (including internet radio) and for internet browsing is through Wi-Fi tethering or Mobile Wi-Fi Router. Data usage and roaming charges may result from using applications on Honda CONNECT. We recommend you check your mobile phone subscribed package. Internet browsing function can only be used when the car is stationary.

*For information on which grades these features are available on, please refer to specification pages 45-48. Model shown is a Jazz 1.3 i-VTEC EX.

THE POWER TO DELIVER

The dynamic new Jazz Sport comes with a powerful 1.5 litre i-VTEC petrol engine delivering an impressive 130PS.

The EX, SE and S grades are available with our efficient 1.3 i-VTEC petrol engine that develops a lively 102PS. Both engines have the choice of a 6-speed manual transmission or our Continuously Variable Transmission option. Our 7-speed CVT technology incorporates a sporty paddle shift and

ensures optimum engine output for your speed.

The result is a smooth and comfortable drive that doesn't compromise on performance.

To further enhance efficiency, Idle Stop technology cuts the engine when you come to a standstill in traffic, automatically restarting again when you touch the accelerator. It may seem like a small thing, but over time it's sure to make a difference.

ULTIMATE PEACE OF MIND

At Honda, we're committed to keeping people safe on the road.

We think the best way to avoid collisions is to be one step ahead, which is why we offer our Advanced Driver Assistance System technologies. They aid the driver by acting as extra sensors, warning and reacting where necessary.

The City-Brake Active System, for example, which is standard on all grades, monitors slow moving traffic in front of the car and gives an audible and

visual warning of an impending forward collision. If you do not react and an accident is imminent, the system will automatically apply emergency braking to reduce your speed. In certain circumstances it could even avoid an impact altogether.

Our Lane Departure Warning* alerts you if your Jazz deviates from a lane without indication and the clever Forward Collision Warning* monitors the area around the car to help you avoid accidents.

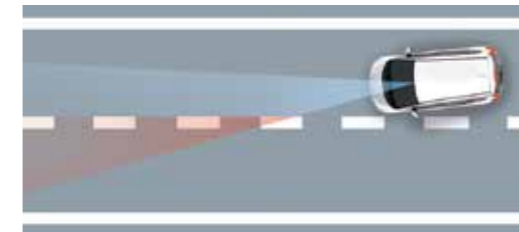

INTELLIGENT SPEED LIMITER*

Cleverly combines the existing adjustable speed limiter function with the Traffic Sign Recognition system to automatically set the speed limit to that which the Traffic Sign Recognition system detects.

TRAFFIC SIGN RECOGNITION SYSTEM*

The Traffic Sign Recognition System identifies traffic signs and relays this information to you via a visual display. Two signs can be displayed at any one time.

LANE DEPARTURE WARNING*

If the car moves out of its lane without you activating the indicator, alerts will flash and sound, helping bring your attention to correct the lane drift.

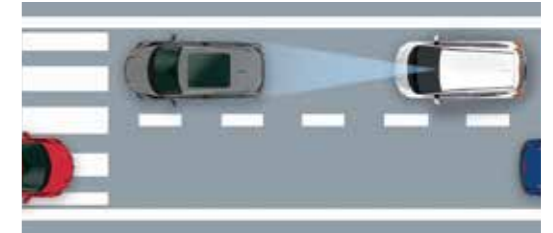

FORWARD COLLISION WARNING*

Should the front camera pick up a vehicle ahead, the system warns of a front-on collision, allowing you time to take action.

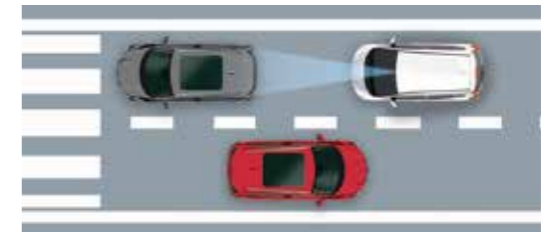

HIGHBEAM SUPPORT SYSTEM*

The Highbeam Support System assesses the driving conditions around you and switches automatically between high and low beam.

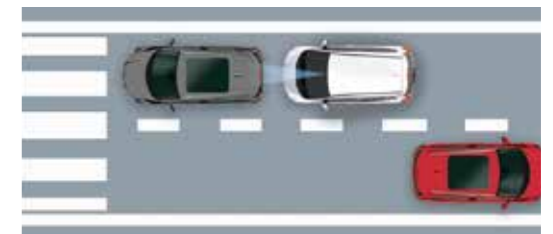

CITY-BRAKE ACTIVE SYSTEM

1: While driving around town between 3 and 20 mph, to give you the best chance of avoiding a collision, this system can monitor the distance between you and the car in front.

2: If you continue getting closer to a detected vehicle, the Jazz gives you audible and visual warnings via the MID display.

3: If you've still not reacted, and a collision is imminent, the City-Brake Active System can automatically apply emergency braking to reduce speed as much as possible. In good driving conditions, it could even avoid a collision altogether.

*Standard on SE, EX and Sport grades, optional on S grade with CVT automatic transmission. For information on which grades these features are available on, please refer to specification pages 45-48.

ENGINEERED FOR YOUR SAFETY

The safety of your passengers, other road users and pedestrians has always been one of our fundamental design requirements. That's why we have packed a great deal of advanced engineering into the new Jazz, most of which comes as standard across the range.

VEHICLE STABILITY ASSIST

Monitors all four wheels independently and calculates the precise amount of power or braking force needed to regain control if traction is lost. In slippery conditions, it manages engine torque and braking to each wheel, reducing speed to a point that allows safe and consistent travel.

DRIVER AND PASSENGER SRS AIRBAGS

Driver and passenger protection includes two front and side airbags complemented by two full length side curtain airbags, which help safeguard both front and rear occupants.

HILL START ASSIST

Hill Start Assist prevents roll back when starting on an incline. Using a slope sensor, the brake pressure is controlled, keeping the car stationary for 1.5 seconds after you release the brake pedal.

BRAKE ASSIST

Honda Brake Assist is designed to provide full braking pressure in an emergency situation. This is achieved by the system 'learning' your normal braking style, so when abnormally heavy braking is detected, it reacts by ensuring maximum braking force is applied.

YOUR JAZZ

Model shown is Jazz 1.5 i-VTEC Sport in White Orchid Pearl. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle.

LIFE IS FULL OF OPTIONS

Honda genuine accessories have been designed and built to the same exacting standards as every Honda. So they are durable, secure and guaranteed to fit. All you need to do is choose the options that are right for you.

PREMIUM PACK

The Premium Pack includes a range of practical and stylish options specifically designed for your Jazz. **Pack contains:** Elegance floor carpets, Side body trims, Doorstep garnish and Front and rear mud guards.

Model shown is Jazz 1.3 i-VTEC SE. Image is shown for illustration purposes only and shows a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle.

CHROME PACK

Make heads turn with this stylish Chrome Pack. It highlights your car with dashes of chrome for an extra touch of class. **Pack contains:** Front lower decoration, Tailgate decoration and Window decorations.

ILLUMINATION PACK

The Illumination Pack uses a combination of lights to give your car a more sophisticated atmosphere. **Pack contains:** White front ambient footlights and Illuminated doorstep garnish.

ROOF RACK

Expand your car's carrying capacity with a strong, secure roof rack. It has a maximum roof load capacity of 35kg and comes complete with four locks.

BOOT TRAY WITH DIVIDER

This waterproof anti-slip boot tray is perfectly shaped to fit your car's rear storage space and will protect the boot from dirt and scratches. It has raised edges and dividers to keep your luggage in place.

ARMREST CONSOLE*

This black front armrest console provides relaxing elbow space. It has a sliding lid, storage space and a tilting function. The kit includes an ACC/USB connection decoration.

DETACHABLE TOW BAR

The detachable tow bar ensures that you don't need to compromise the styling of your car when you plan to tow a trailer. It has a maximum towing capacity of 1,000kg and a vertical weight limit of 95kg. A fixed tow bar is also available.

15" ORCUS ALLOY

The 15" Orcus comes in Full Gunpowder Black with shiny clear coat.

15" CHARON ALLOY

The 15" Charon features Rombo Silver windows and diamond cut A-surface with shiny clear coat.

*Available on specific grades only, please speak to your local Honda dealer for more information.

TAILGATE SPOILER

Add an extra sporty touch to the rear of your Jazz with this sleek, colour coordinated tailgate spoiler that fully integrates into the bodywork.

DOORSTEP GARNISHES*

The doorstep garnishes add a personal touch to your car while protecting the door sills from marks and scratches. Crafted in stainless steel, they also have an eye-catching, etched Jazz logo. This pack includes front and rear trims.

*Rear Garnish does not include the etched Jazz logo.

SIDE BODY TRIMS

Accentuate the exterior look of your car with these colour coordinated side body trims, adding style and extra protection to your Jazz.

TAILGATE STRAP

This tailgate strap complements the integrated inner handle to make closing the tailgate even easier.

LED ROOM LIGHTS

LED room lights are brighter than standard interior lights, illuminating the cabin with clean white light.

ELEGANCE FLOOR MATS

These elegant and comfortable fitted tufted mats with nubuck binding have a woven Jazz emblem for durability. One set includes front and rear mats.

♦ Standard ◊ Optional - Not available

*Connectivity for Aha™ app (including internet radio) and for internet browsing is through WiFi tethering or Mobile WiFi router. Data usage and roaming charges may result from using applications on Honda CONNECT.

**Please ask your dealer for a list of compatible Bluetooth™ phones, pairing procedures and special feature compatibilities.

⁴Always use the recommended USB flash memory device. Some USB memory devices may not work in this audio unit.

FOLLOW YOUR DREAMS

Dreams can be powerful. They push you to achieve more, to explore new ideas, new technologies and uncover new ways of solving problems. They can be the inspiration and challenge to design and build a true supercar like the dramatic new NSX and Civic Type R.

Our dream of a better world for people to enjoy has given life to a humanoid robot called ASIMO, taken flight with HondaJet and created some of the most popular motorbikes on the planet. The knowledge we gain from all the things we do, goes into everything we make, just like the Honda Jazz.

Model shown is Jazz 1.5 i-VTEC Sport in White Orchid Pearl. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle.
