## HOW TO USE THIS BROCHURE

This brochure showcases some of the highlights of the New Insignia. Please note that some of the vehicles shown include options available at extra cost and not all of the features described are available on every model. You can click through to the Insignia Price and Specification Guide for all the latest details.

# IT'S A NO-BRAINER

If you need a car that looks good and performs beyond expectation, then get into the New Insignia. With standout looks, improved efficiency, enhanced safety and an all-round great drive.

Let's get down to business...

A wide-angle, low-perspective shot from the driver's seat of a modern luxury car. The interior is dark, featuring leather-upholstered seats with white stitching. The dashboard is sleek and minimalist, with a large central touchscreen displaying a navigation map. The steering wheel is multi-spoke with a silver emblem in the center. The instrument cluster behind the wheel shows various gauges and digital readouts. The car's side mirrors and rearview mirror are visible. Through the windshield, a dense urban skyline with numerous skyscrapers is visible under a clear sky.

# YOUR OWN PERSONAL SPACE

Sit down, settle in. Behind the wheel, you'll soon see what it's all about. You. An ergonomically designed cockpit with controls that fall easily to hand. An infotainment touchscreen, with integrated sat nav poised just a touch away. Not to mention front seats that can be adjusted up to 18 different ways; they can even be ventilated and give you a massage\*.

You'll be feeling at home in no time.

\*Standard on certain models.

# YOU'LL LOOK SHARP IN THE DARK

Poor visibility? Night time driving? No problem. Every New Insignia comes fitted with eco LED headlights as standard.

In addition, New Insignia now features the latest LED Pixel headlights\*. They illuminate the road and adapt the range and direction according to the driving situation and surroundings. What a bright idea.

When it comes to safety, the New Insignia really means business. The advanced safety systems work tirelessly to watch the road around you and keep you alert, with standard features including:

- Forward collision alert
- Lane departure warning with lane assist
- Automatic emergency braking
- Traffic sign recognition
- Front and rear parking sensors

# EVEN BETTER TO DRIVE

The New Insignia is one of the most fuel-efficient cars in its segment, thanks to an all-new engine family.

This new generation of ultra-efficient petrol and diesel engines mean significantly better fuel economy and even fewer emissions. In fact, up to 18% better fuel economy versus the previous model.

Get into a New Insignia and feel it for yourself.

**Fuel economy\* and CO<sub>2</sub> results for the New Insignia. Combined mpg tba. CO<sub>2</sub> emissions: 198 – 121g/km**

\*Fuel consumption and CO<sub>2</sub> figures are determined according to the WLTP test cycle. Figures are intended for comparability purposes only. The fuel consumption you achieve under real life driving conditions and CO<sub>2</sub> produced will depend upon a number of factors, including the accessories fitted after registration, variations in driving styles, weather conditions and vehicle load. Only compare fuel consumption and CO<sub>2</sub> with other vehicles tested using the same technical procedures. # TURN UP THE POWER

Developed, in part, at the Nürburgring, the New Insignia GSi gives you serious performance with absolutely no compromise.

Advanced four-wheel drive instantly adapts to road conditions, while a unique GSi interior and exterior body kit means you'll also feel the thrill.

- New Twinster 4WD system for improved agility and handling
- New sophisticated 9-speed automatic with paddle shift
- Improved brakes and steering control
- Mechatronic FlexRide adaptive suspension

# RAISE THE BAR

Whichever New Insignia you choose, you're guaranteed style, sophistication and heaps of smart technology. The premium-class interior takes it to the next level.

Take your pick – and let the adventure begin.
