EVEN MORE
500
EVEN MORE ICONIC.

True legends don't grow old; they change. Just like Fiat 500, the icon of Italian design and life style, which has been reinventing and renewing itself for almost 60 years while remaining faithful to its original spirit. Hip and cool ever since it first took to the road, today the **New Fiat 500** is born again with an even bolder and captivating personality, greeting the world with a fabulous new look: an irresistibly cheeky charm guaranteed to turn heads.

When it comes to the **New Fiat 500**, details do not just make the difference

DETAILS MAKE PERFECTION.

On the exterior, look no further than the rear light clusters in matching body colour and the chrome inserts, while inside, there's the new dashboard, new steering wheel, new buttons and new materials, all trendier than ever: every last detail of the **New Fiat 500** is designed to enhance the car's originality while at the same time bestowing an even more sophisticated status on the model.

ALL EYES ON ME.

That's what the **New Fiat 500** seems to want to say with its new front - now even cheekier with the new ribbing, the enhanced whiskers and the front bumper surrounding the three-dimensional grille - not to mention the new daytime running lights, reminiscent of the zero in the logo, that become a veritable signature feature, impossible to mistake with any others.

Iconic and with an instantly recognisable silhouette, for the interiors too the **New Fiat 500** adds a contemporary twist to the classic curvy design that has always made it

UNIQUE

solo

(beats)

The New Fiat 500 is in perfect harmony with the rhythm of every day, all thanks to the innovative **Uconnect™** system, designed to deliver the best in on-board infotainment and to promise everyone one thing: with this car, you'll never get lost, except in the pleasure of driving!

UCONNECT™ RADIO

This is the gateway to the Uconnect™ world: a simple but complete sound system thanks to the RDS tuner, the media player with **USB** and **AUX** inputs, and the steering wheel mounted audio controls.

UCONNECT™ 5" RADIO LIVE

It adds a 5" touchscreen, DAB radio, upgraded steering wheel controls and hands free Bluetooth® function.

It also includes the Uconnect™ LIVE services* to stay connected to the main social networks, news sites, music services and information about your car (TuneIn, Reuters, Twitter, Facebook Check In, Deezer, my:Car and eco:Drive).

UCONNECT™ 7" HD RADIO LIVE

The Uconnect™ 7" HD radio LIVE adds a 7" high definition touchscreen and can be upgraded with the integrated TomTom 3D navigation system with TomTom LIVE services*.

* Uconnect™ LIVE services and TomTom LIVE services, where available, require a data enabled smartphone to use

Unpredictable and playfully irreverent by nature, the New Fiat 500 knows that when it comes to driving, it's time to stop fooling around, as everything must be

PERFECTLY UNDER CONTROL.

That's why it can feature an on-board 7" TFT digital display which, apart from being uber-cool, is useful for monitoring all the information you could possibly need while driving, like the information from the speedometer, the rev counter, the temperature, the **gear shift indicator** and the trip computer. What's more, everything is perfectly integrated with the **Uconnect™ 5" Radio LIVE**, which let you see the media player, telephone and navigator on the same screen.
