

NEW JEEP® RENEGADE

MAKE A STATEMENT.

The distinctive restyling of the legendary seven-slot grille, embedded front head lights and middle and low fascia all form a part of the bold and unmistakable styling of a Jeep®. Don't go unnoticed and make a statement in the city with the New Renegade. The attraction to the unexpected is what leads to the extraordinary. Its new LED lighting give its pronounced look a breath of fresh air. So expect the unexpected.

The image shows the interior of a vehicle from a rear passenger perspective. Two black leather seats with horizontal stitching are visible. The center console features a digital display with the 'Jeep' logo and 'harmanaudio' branding. A large panoramic sunroof is open, revealing a view of green trees and a blue sky. The text 'YOUR SKY JUST OPENED UP.' is centered over the sunroof area.

YOUR SKY JUST
OPENED UP.

The sky is no limit. Renegade makes open-air freedom possible whenever and wherever you are. The sunroof is available in power tilt/slide function and the exclusive My-Sky removable panels. Now you can take in a view that is as unique as you.

ALWAYS IN YOUR ELEMENT.

Conquer any adventure in comfort and style. It's roomy from front to back with ingenious storage spaces around the vehicle including the centre console. New Renegade offers a number of interior choices including the stylish two-tone leather in Polar Plunge available on the Limited version and Black leather with Ruby Red stitching and embroidered logo on the Trailhawk version.

YOUR WHOLE WORLD, HANDS-FREE.

The interactive Uconnect™ Nav and infotainment system comes with an integrated full colour HD touch screen of up to 8.4". You can touch, tap and talk your way through its features without taking your eyes off the road ahead.

Liberate your smartphone when you're behind the wheel. It works with Apple CarPlay™ and Android Auto™, giving you full access via touch controls or Siri voice command to everything from your maps to messages.

Image refers to Apple CarPlay™

AN INNATE CONNECTION.

Stay cool, or warm, with integrated climate control that manages the automatic dual zone air conditioning system that can now be regulated directly on the infotainment touchscreen.

Uconnect™ LIVE App is your personal communication, navigation and information hub for every kind of journey, giving you direct access to TuneIn radios, Deezer music, Facebook Check In, Twitter, Reuters and TomTom Live for up-to-the-minute information. Reap the benefits of MyCar and eco:Drive™ as they keep track of your driving style, monitor vehicle status and assist in reducing fuel consumption. Learn from the experts using the Jeep® Skills App that lets you gauge and measure pitch, roll, pressure and altitude in addition to your overall performance to give your adventure that extra boost of confidence.

The first class 560-Watt 8-speaker plus subwoofer Sound System by Beats transforms your daily soundtrack into a personal concert.

Automatic Park Assist - Park Sense
Rear Camera with Dynamic Lines

FORWARD COLLISION WARNING PLUS

Radar and video sensors detect whether the Renegade is approaching another vehicle or large obstacle in its path too rapidly and will warn or assist the driver in avoiding/mitigating the incident.

ADAPTIVE CRUISE CONTROL

The system uses a radar sensor mounted at the front of the vehicle to detect slower traffic ahead, while cruise control is activated and adjusts to a safe distance by decelerating and controlled braking while returning to the set speed when the street ahead is clear.

LANE DEPARTURE WARNING PLUS

The vehicle lane position is monitored by cameras and provides a visual warning if the vehicle approaches the lane boundaries unintentionally. Additionally, in case of lane drift the system proactively leverages the electronic power steering to help the driver in taking a corrective action and getting back in the lane.

BLIND SPOT MONITORING AND REAR CROSS PATH DETECTION

These sentry systems constantly monitor the space between you and other vehicles. When a side or rear blind spot is encroached, you're notified via illuminated icons on sideview mirrors and an audible chime.

REAR CAMERA WITH DYNAMIC LINES

The ParkView back-up camera provides perfect visibility when reversing and assists the vehicle's movement and direction thanks to the Dynamic Lines visible on the Uconnect™ screen.

AUTOMATIC PARK ASSIST - PARK SENSE

The system locates a parking space and guides the driver with audio and video instructions that also appear on the TFT instrument cluster. Plus, the new automatic pull-out function that assists in getting out of the parking spot. The driver needs to control the gear, brake and throttle position while the steering system controls the steering wheel.

INTELLIGENT AWARENESS.

With the state-of-the-art Traffic Sign Recognition system (TSR) you are alerted about overtaking, speed limit changes and possible restrictions all directly on the 3.5" or 7" TFT display. Combined with the Intelligent Speed Assist (ISA), you can accept increases or decreases to speed and activate or deactivate the system, all via intuitive steering wheel controls.

	1.3 Turbo 4-cylinder	150 HP	4X2	6 speed	DDCT

MAKE YOUR OWN WAVE.

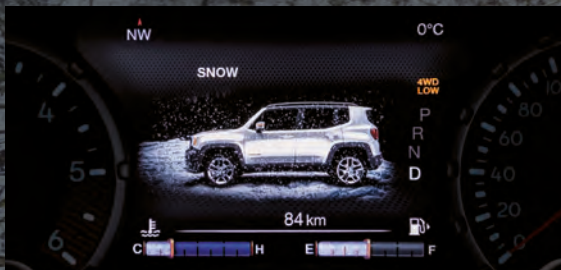

And Renegade will make sure it is a smooth ride. Choose from three transmissions: the class-leading 9-speed automatic which offers seamless gear changes for perfect fluidity and a comfortable driving experience, or the advanced 6-speed dual clutch that combines the performance of a manual transmission with the easy-to-use nature of an automatic, or the classic 6-speed manual. Complete with a choice of 4X2 or 4X4 configuration, featuring rear-axle disconnect for maximum efficiency.

		140 HP	4X4 Low	9 speed	AT
170 HP					

CHOOSE WHEN TO CROSS PATHS.

The legendary off-road capability of Renegade is highlighted by the incomparable Jeep® Active Drive and Jeep® Active Drive Low 4x4 systems that assure Jeep® performance when and how you need it most. The rear-axle drive disconnect switches from four-wheel drive to front-wheel drive without driver intervention guaranteeing the efficiency and the right amount of power and traction needed to drive in any condition. Both systems feature the Selec-Terrain™ traction system that allows the driver up to five specifically calibrated settings for various road conditions: Auto, Mud, Sand, Snow and Rock exclusively for the Trailhawk.

SNOW Adds stability and minimises oversteer for security and performance on snow and ice covered roads. Major systems are managed to guarantee a smooth ride.

AUTO The default selection that is perfect for everyday driving and automatically disconnects the rear driveline to create optimal fuel efficiency when 4x4 traction is not needed.

SAND Aggressive throttle and up-shift points generate stability and power to better handle loose and covered surfaces.

MUD Grants additional wheel slip to increase traction at low speeds, implementing specific chassis controls, differentials and transmission ratios to conquer the mud.

ROCK Exclusive to Trailhawk, this mode delivers skillful low-speed 4x4 capability due to its rear-differential locking mechanism, allowing Renegade to overpower the most challenging terrain.

INCLINED TO BE AT EASE.

Jeep® Renegade Trailhawk has the power to rise to any occasion. The Trail Rated badge represents the indisputable ability to conquer any terrain, passing five fundamental tests for traction, ground clearance, manoeuvrability, articulation and water fording. Not to mention its unique front and rear fascias that deliver class-leading 30° approach, 24° breakover and 34° departure angles. Its Jeep® Active Drive Low 4x4 system with Rock mode, exclusive to the Trailhawk trim, combined with its 170 HP turbo diesel engine, 9-speed automatic transmission and Hill Descent Control for improved traction, deliver best-in-class capabilities with an impressive 20:1 crawl ratio to put you at ease on any terrain.

YOU HAVE TO BE AUTHENTIC TO BE ORIGINAL.

At your service

Jeep® Renegade can be customised according to your every desire. The complete range of Mopar® authentic accessories offers you the best solution for every detail and every need. Together, Mopar and Jeep® make every car unique and personal, thanks to various add-ons that allow you to transport your gear: the telescopic bar, that keeps luggage compact and stable during the journey; the roof bars, perfect for carrying your skis, bicycles or extra baggage.

In addition, thanks to City and Adventure Packs powered by Mopar, you have a large number of accessories that will always make you ready for the challenge wherever you are: both in an urban setting and outside the city.

**VEHICLE
PROTECTION**

Mopar® Vehicle Protection offers a series of premium extended warranty and maintenance plans. Only genuine parts by Mopar® will be used by highly qualified and specialised technicians. Choose the service contract that fits you best.
