

Our innovative cosmetic maintenance plan has been designed to maintain the visual appearance of your vehicle through regular scheduled check-ups.

Summary

A summary of items excluded are listed below:

General

- Any maintenance treatment request which was not completed during the period specified in the terms and conditions.
- The costs relating to losses normally covered under a comprehensive road risks insurance policy (whether or not an excess applies) or losses resulting from a road traffic accident to the vehicle.
- As a result of fire or theft of the vehicle.
- Treatments to the bonnet or boot with the exception of light scratches and stone chips.
- Any treatments to the roof.
- Where the required treatment area in a single request for a single panel is greater than 30cm.
- Where the body panel is ripped, perforated or torn.
- Where the bumper or wing mirror casings are cracked.
- Beadings, mouldings or unpainted plastic panels, accessories, door mouldings, wing mirror glass, window mouldings, lights of any sort or any window panel.
- General wear and tear, deterioration, oxidisation, hail, corrosion, neglect or a defect.
- Any loss of use of your vehicle or any additional costs related to the maintenance or inspection events of any kind.

Your cosmetic maintenance plan is not an insurance policy and is not regulated by the Financial Conduct Authority (FCA). It is an agreement to provide routine maintenance inspections and repairs.

A full list of exclusions are detailed in the applicable terms and conditions.

...driving excellence

Hassle-free motoring all taken care of.

Cost-effective and simple solutions that keep your vehicle looking great and driving at its best.

Inspections

The plan will provide 4 quarterly maintenance inspections per annum. Each will consist of a visual check on the items listed below to ascertain whether they require any treatment.

- Check bonnet (only for light scratches and stone chips, not dents or other damage)
- Check boot (only for light scratches and stone chips, not dents or other damage)
- Check front bumper
- Check rear bumper
- Check all exterior door panels
- Check all quarter panels
- Check condition of all wing mirror casings

Treatments/repairs

During the inspection, in the event that our maintenance agent identifies a treatment requirement to the bodywork of your vehicle (which falls within a 30cm diameter on a single panel) and can be treated using cosmetic treatment techniques (as defined in the terms and conditions), we will provide:

- Up to 10 treatments per annum for the duration of the agreement.

Treatments/repairs will be provided, if, due to usage, the bodywork has suffered deterioration in the form of minor stone chips or other debris marks, surface scuffs, scrapes, scratches or other minor indentations from the start date up to the expiry date stated in the schedule.

All treatments are guaranteed for the lifetime of your ownership of the vehicle.
