Your Finance Options

We act as an FCA-regulated credit broker and not a lender. We could introduce you to a limited number of finance providers and their finance products which may have different interest rates and charges. We are not an independent financial advisor. We will provide details of products available from the finance providers we work with, which have been selected by ourselves to meet our own commercial interests and provide our customers with good outcomes. Our services do not offer all market options, and we are only able to offer finance products from the partners on our panel; there may be better options available for you in the open market as we are not impartial, and no advice or recommendation will be made. You must decide whether the finance product is right for you therefore we do recommend carrying out your own research.

We work with the following finance partners: **MotoNovo, Close Brothers, Motion, Admiral & Mann Island** and have commercial terms in place with each partner on our panel. In the event you have acceptances with more than 1 partner on our panel, we will make you aware of this. We will always try to provide you with the best outcome we are able to from our panel, however it is always your decision which finance acceptance to proceed with.

If you would like further support or guidance around your finances, <https://www.moneyhelper.org.uk/en> provides free assistance that could help support you. Your credit rating could be adversely affected if you do not make payments when due, or vehicle possibly repossessed by the lender.
