Warranty

Every new MG is covered by our 7 year / 80,000 mile warranty from date of registration*. Your MG Dealer will be able to repair or replace without charge, parts that are found to have had a material or manufacturing defect. You've also got cover on the panel work and body of your vehicle for anti-perforation for up to 7 years. We are very transparent with our warranty terms and conditions all of which can be found on our website.

MG Certified Technicians

To ensure that you get the best possible service from any of our 140+ UK-wide network of MG Dealers & Approved Repairers, we have a detailed training path for our Dealer's technicians to undertake with courses accredited by The IMI - Institute of Motor Industry.

This ensures that all MG Dealers have technicians who are knowledgeable about MG products including the complexities around modern petrol, electric and hybrid vehicles.

MG Car Insurance

A car that looks as good as your MG, needs to stay that way. So protect it well, with cover designed specifically for your MG. Unlike most insurers, in the event of an accident, MG Car Insurance will have your car repaired at an MG Approved Bodyshop using only MG approved parts and repair methods. This maintains your MG's warranty and future resale value.

Roadside Assistance

Should you need it, we'll provide emergency roadside repairs or recovery to your nearest MG Dealer. 24 hours a day, for the first 12 months from date of registration. Then at every service, we'll top up your MG Assistance for another 12 months, continuing that peace of mind.

Service Plans

Take the hassle out of servicing and spread the cost of servicing, with our inflation proof pay-monthly service plans. An easy way to budget for your car's maintenance without any unexpected costs.
